

# Yes, It's Real!

**Ready for the big time? This is serious jewelry for grown-up women—no costume bijoux here.**

We've got true diamonds and solid gold. They'll cost you, but these once-in-a-lifetime pieces will bring you pleasure forever. You can call them indulgences, future heirlooms, or investments—we call them gorgeous. And we have options

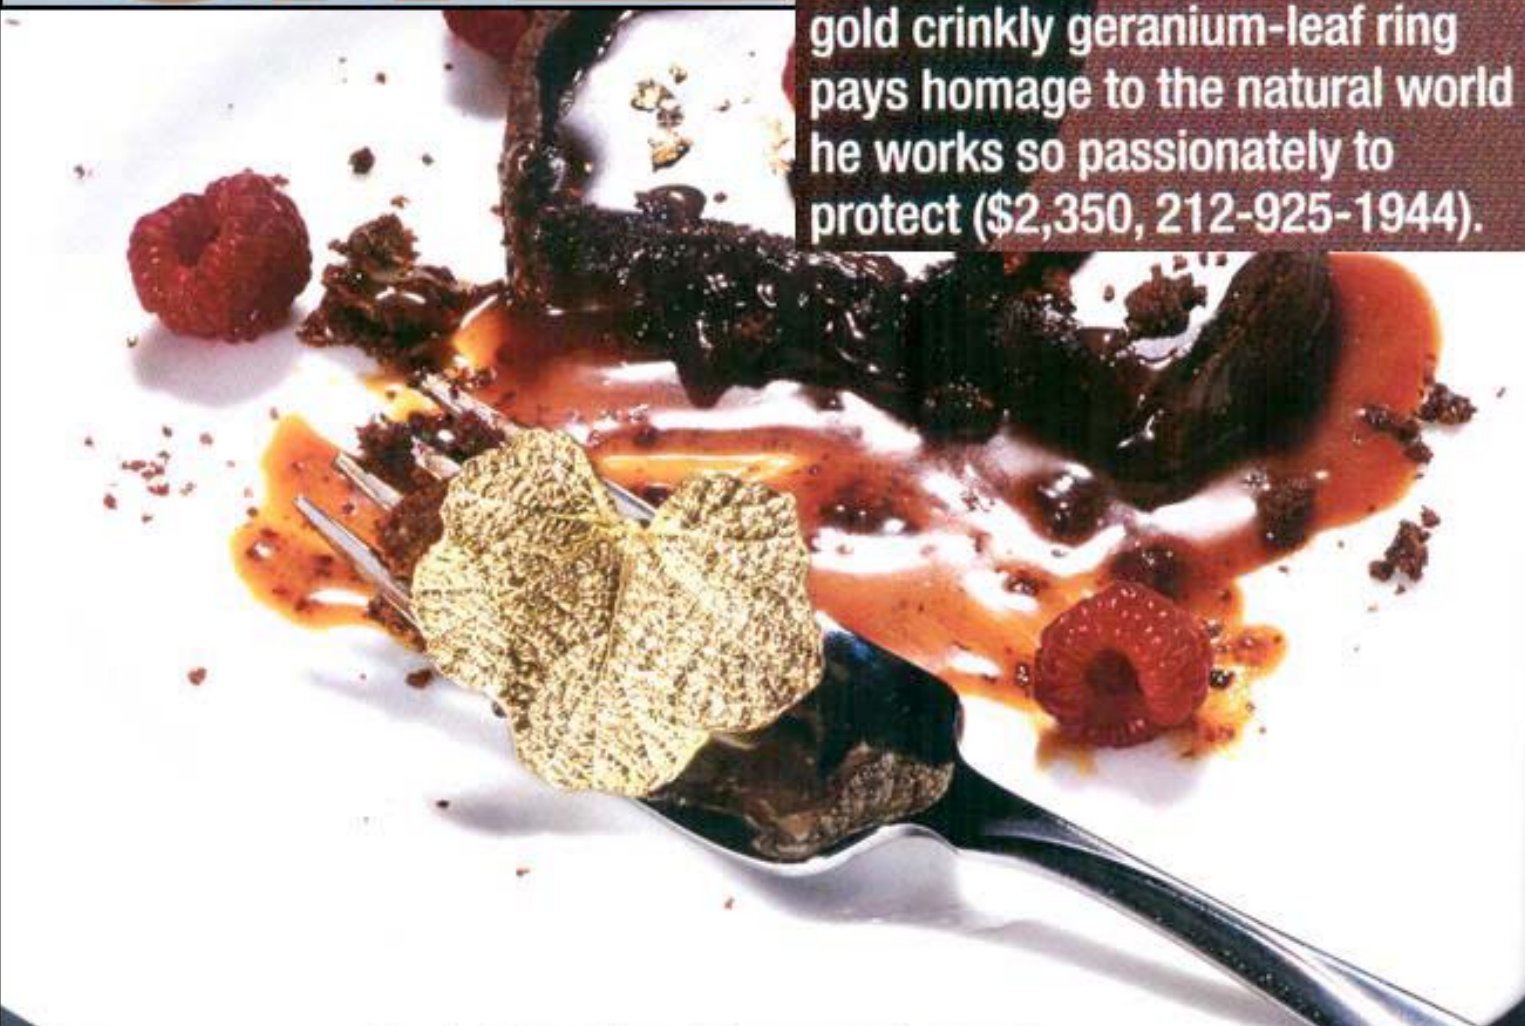

for every pocketbook. So go ahead. Eat the sumptuous chocolate, splurge on a family treasure. Or just dream. But any way you choose, feel no guilt, because these beauties were produced without hurting people or the planet.

## ORGANIC STYLE

**FRESH THINKING. FRESH LIVING.**
